CARE INSTRUCTIONS

Avoid exposure to liquids or solvents that may cause the lens to distort or craze, as this may reduce the level of protection provided.

Inspect before each use. Replace if lenses are pitted, crazed, damaged, or heavily scratched, or if any other signs of deterioration are visible.

For heavily soiled lenses, rinse under running water to remove excess grit, then wipe clean using Pro Choice Safety Gear Lens Cleaning Wipes. To extend product life, store in a clean microfibre Pro Choice Safety Gear Spectacle Pouch.

CLEANING INSTRUCTIONS

Clean with warm soapy water or a mild lens cleaning solution.

Do not use alcohol-based cleaning wipes or solutions, as these may damage the lens coatings.
